About Us

Naza B Eco Services Sdn. Bhd. (NAZABES) is a subsidiary of the Naza Enviro Holdings Sdn Bhd that provides comprehensive waste management services, covering recycling, treatment, and disposal of scheduled, municipal, and household waste.

Naza BES is the Exclusive Sales, Marketing, and Transportation Management Company for J&T Naza Alam Murni Sdn. Bhd. (JNA), a Department of Environment (DOE)-licensed facility authorized to handle 76 types of Scheduled Waste (SW) Codes for final treatment and disposal.

In addition, Naza BES has been appointed by Amita Naza Sdn. Bhd. (ANSB) as an authorized agent to collect 15 Scheduled Waste (SW) Codes. These wastes are fully recycled into Alternative Raw Materials (ARM) and Alternative Fuels (AF) to replace natural resources and fossil fuels in cement production.

Naza BES also manages the collection of non-scheduled waste for Berjaya EnviroParks Sdn. Bhd. (BTEP) from industrial, commercial, and institutional sectors for disposal at the Bukit Tagar Sanitary Landfill.
